SPRING TERM

Subject (GCSE/BTEC & subject & KS)

BTEC Level 2 Extended Certificate in Applied Science

Unit title and main topics/themes

Unit 6 Health Applications of Life Science

Learners develop essential knowledge and skills related to life sciences applications which can affect our health. Healthy living plans, how the human body protects itself against disease and consider how medication is developed.

Unit 13 Investigating a Crime Scene

Learners use a variety of scientific processes to analyse evidence gathered from a crime scene. The relationship between forensic science and the law.

Basic/general description of homework set

Homework is based upon consolidating and extending understanding of topics covered.

Students are expected to meet assignment deadlines. If coursework is unfinished by the deadline date, students are expected to catch-up and complete work in their own time. This can be achieved by working at home, after school, during lunch or morning break.
